Strong of 25 years of expertise,
TGE is also a dynamic team of 15 experts,
engineers, technicians and designers ready to meet your needs.

FROM CONCEPTION TO COMMISSIONING

TGE designs and implements industrial evaporation, crystallization and drying installations.

TGE manages a project in its entirety, new installations and/or revamping.

Each installation is custom designed to meet your needs, for noble products as well as for by products treatment.

TGE has its own pilot installation allowing us to validate new processes and products.

Based near Paris, we operate worldwide.
